# RHINO COMFORT 3

The only single-room MVHR with **sanitization**  

**EXCHANGES AIR**  
WITHOUT WASTE

**PREVENTS**  
MOLD AND HUMIDITY

**ELIMINATES**  
VIRUSES AND BACTERIA

**REDUCES**  
PM<sub>2.5</sub> PM<sub>10</sub> VOC<sub>s</sub>

**FantiniCosmi**

# RHINOCOMFORT 3

The only single room MVHR with **sanitization**

Find out more

## UNIQUE INNOVATION

RHINOCOMFORT 3 renews and sanitizes the air coming from outside thanks to a unique and innovative technology that combines the action of high-power UV-C and UV-A LEDs with a photocatalysis process that produces zero ozone emissions.

RHINOCOMFORT 3 breaks down harmful substances present in the incoming air, transforming them into harmless compounds. At the same time, the ceramic heat exchanger recovers the heat contained in the outgoing air and returns it to the incoming air, operating completely autonomously.

**EXCHANGES AIR  
WITHOUT WASTE**

**PREVENTS  
MOLD AND HUMIDITY**

**ELIMINATES  
VIRUSES AND BACTERIA**

**REDUCES  
PM<sub>2.5</sub> PM<sub>10</sub> VOC<sub>s</sub>**

## TOP PERFORMANCE

Optimization of the fan and motor has led RHINOCOMFORT 3 to a significant increase in airflow, reaching up to 100 m<sup>3</sup>/h, enabling proper ventilation even in large spaces and making it a unique product in its category. RHINOCOMFORT 3 guarantees optimal performance even in duct installations up to 3 linear meters or 2.5 meters with a bend.

## INTELLIGENT SENSORS

Thanks to the integrated intelligent sensors (relative humidity, eCO<sub>2</sub>, temperature, and twilight), RHINOCOMFORT 3 constantly monitors indoor air quality and automatically adjusts its operation to ensure optimal comfort and well-being conditions, without the need for manual intervention.

## ONE APP FOR ALL YOUR COMFORT

RHINOCOMFORT 3 is controlled directly through the Intelliclima+ app via WiFi and Bluetooth. This multi-connectivity system allows the app to easily and intuitively configure and control all compatible Fantini Cosmi programmable thermostats, offering a fully integrated smart home experience.

## TECHNICAL SPECIFICATIONS

Code	AP19997
Model	RHINOCOMFORT 3
Ø Duct	160 mm
Power supply	110V ÷ 230V- 50/60Hz
Air flow rate	15 ÷ 100 m <sup>3</sup> /h
